BCTransferGuide.ca is the place to learn about your transfer options. You can check out courses that transfer from one institution to another and map out your own pathway through the BC post-secondary system!

What is transfer? A student “transfers” when they move from one institution to another and their new institution gives them credit for previously completed education.

Why transfer? Every year, thousands of students move between BC post-secondary institutions for reasons like these: >**start out living closer to home** >**save money and time** >**smaller class sizes / change programs** >**improve grades / improve post-secondary access**

“I love the BC Transfer Guide. I’ve used it so much I have it tattooed on my brain!”

-Langara College student
